

MM3760

2023/07/20

Features

Phase dimmer supprt
Controlled holding current circuit for dimmers

Specifications

Absolute maximum rating [V]	Recommended operating voltage Min. [V]	Recommended operating voltage Max. [V]
30.0	10.0	25.5

Package

SOP-10A

Case Studies

No amplifier or software desian required. Development of an LDO for
