

Combics Series

2023/03/22

Minebea Intec

Features

- Various weighing ranges and plate sizes. Explosion-proof and non-explosion-proof include 46 types each
- High accuracy: 1/6000
- Max. display resolution: 1/30000 (combined with our indicator)
- Completely waterproof IP67 and IP68
- RS232 equipped as standard (explosion-proof types require YDI05-Z barrier)
- Separable weighing part and display part (refer to pages 53~54 for display details). Display can be selected based on the application. (Non-explosion-proof: 3 types, explosion-proof: 1 type) (DC ED FE GF IG sizes are 3m, other are 6m. However, 600kg range IG size types include 6m) 【Explosion-proof type】
- Intrinsically safe explosion-proof structure Ex ib II C T4 (explosion-proof standard ATEX accredited. Supported with CAPXS types)
- Select among 3 types: Power supply for installation in explosion-proof areas, power supply for installation in safe areas, and battery type
