

Check rod method mounting attachment

CCACBE1-*CS

2023/09/12

Features

- Equipped the check-rod for falling down prevention.
- All stainless steel structure.
- There is allowable moving length in horizontal direction for the thermal expansion such as tanks.

Specification

Specification name	Specification contents
Applicable load cell	CBE1-5K~200K
Allowable horizontal moving length	±3 mm (No directionarity)
Material	SUS304 or equivalent
Accessories	Washer, Guide plate, Hexagon socket head cap screw (M4x8)

Item list

Item	Applicable load cell	Allowable horizontal load [kN]	Allowable horizontal load [kgf]	Allowable lifting load [kN]	Allowable lifting load [kgf]	Weight(Approx.) [kg]
